

Help us give where you live

Rossi will donate 25p from the sale of every
Heart Strawberry Ripple to the Have a Heart Charity

Have a Heart is a charity run by Heart Essex and raises funds to help children living in your local communities. These kids are often vulnerable, living with a disability or illness and are deprived of the childhood that every child deserves.

Please help us to help these children by raising money from the sale of our very special Strawberry Ripple ice cream and enjoy!
